

**Kiwanis Club of
Harker Heights**
P O Box 2309
Harker Heights, TX 76548

Speaker Roster

July 25 – R Dinwiddie
Aug 1 – M Cross
Aug 8 – N Dunbar
Aug 15 – R Dunlap
Aug 22 – K Frazier
Aug 29 – G Honaker

Please notify David McClure prior to your program as to your speaker and topic or if you need assistance obtaining a speaker.

2016-17 Officers
President: David McClure
Vice President: Jody Nicholas
Treasurer: Randy Stone
Secretary: Vivian Marschik
Outgoing President: Charles Sweeney

Board of Directors
Patty Brunson
Steve Carpenter
Darrel Charlton
Mariko Cross
Richard Dinwiddie
Norm Dunbar
Jos Portmann
Esabell Zellmar

Raffle
Winner: Norm Dunbar
Amount: \$ 20.00
Jackpot: \$ 60.00 (not won)
Next Jackpot: \$65.00

Harker Heights Kiwanis Club Meeting 07-25-17

Leaving a Legacy

Speaker: Joe Wolf, with Valerie Vaughn & Teresa Lopez

Topic: 21 Point Life Event Checklist – We all try to look out for the “Big Stuff” that can happen in life and as we age. They always say “don’t sweat the small stuff”. But how often has something that started off small and turned into something BIG in no time. Say a spouse becomes incapacitated suddenly. We know we should have a POA (power of attorney) for just those reasons. But we don’t know the government and agencies keep changing the wording of the rules. The Social Security Administration, VA, IRS, banks etc all have different wording on who can access the accounts for another individual. Legacy Protection Assurance, LLC and help you go through the 21 plus checklist of things you should know and do incase something happens and you cannot do those things for yourself.

JWolf@LegacyProtectionAssurance.com or call 254-449-1492

David McClure won the \$50 gift card to Olive Garden

Kiwanis Motto

Kiwanis is a global organization of volunteers dedicated to improving the world one child and one community at a time

Club Business:

Prayer: Gary Honaker

Pledges: Charles Sweeney

Song: Lisa Youngblood

TX/OK Convention in Abilene is on Aug 4-6. The delegates are David McClure, Dick Dinwiddie & Gary Honaker

Bring a youth book to donate and an auction item, the new Lt Gov will be voted on at the convention for our Dist 23 (Harriet Brodie of Belton)

Prayers: For Allie Krebs

Happy Birthday: James Hoyle 7-31

Braggs:

Lunch: Big Hoss BBQ brisket, sausage, potato salad, beans & all the fixin’s & tea

Joke: Paul Loughran – Man tells his doctor that he is concerned about his wife’s hearing. Doc tells the man to ask his wife something from a distance and if she doesn’t answer step a little closer and do that each time to see when she can hear you. So he tries “what’s for dinner?” No answer three times as he steps closer each time. Ask Paul for the rest of the story :o)

2017 FLAG
DELIVERY SCHEDULE

Monday, 4 Sep
2017- Labor Day

Monday, 11 Sep
2017- Patriots Day
(makeup day)

Monday, 9 Oct
2017 - Columbus Day

Saturday, 11 Nov
2017 - Veteran's

FYI: Education

Shell Oil Comments - A MUST READ...Safety Alert Here are some reasons why we don't allow cell phones in operating areas, propylene oxide handling and storage area, propane, gas and diesel refueling areas..

The Shell Oil Company recently issued a warning after three incidents in which mobile phones (cell phones) ignited fumes during fueling operations. You should know that Mobile Phones can ignite fuel or fumes. Mobile phones that light up when switched on or when they ring release enough energy to provide a spark for ignition. Mobile phones should not be used in filling stations, or when fueling lawn mowers, boat, etc. Mobile phones should not be used, or should be turned off, around other materials that generate flammable or explosive fumes or dust, (i.e., solvents, chemicals, gases, grain dust, etc.) To sum it up, here are the Four Rules for Safe Refueling:

- 1) Turn off engine
- 2) Don't smoke
- 3) **Don't use your cell phone** - leave it inside the vehicle or turn it off
- 4) **Don't re-enter your vehicle during fueling**

Bob Renkes of Petroleum Equipment Institute is working on a campaign to try and make people aware of fires as a result of static electricity at gas pumps. His company has researched 150 cases of these fires. His results were very surprising:

- 1) Out of 150 cases, almost all of them were women.
- 2) Almost all cases involved the person getting back into their vehicle while the nozzle was still pumping gas. When finished, they went back to pull the nozzle out and the fire started, as a result of a static spark from their bodies from sliding out of the vehicle .
- 3) Most had on rubber-soled shoes.
- 4) Most men never get back in their vehicle until completely finished. This is why they are seldom involved in these types of fires.
- 5) **Don't ever use cell phones when pumping gas**
- 6) It is the vapors that come out of the gas that cause the fire, when connected with static charges.
- 7) There were 29 fires where the vehicle was re-entered and the nozzle was touched during refueling from a variety of makes & models. Some extensive damage to the vehicle, to the station, and to the customer.
- 8) Seventeen fires occurred before, during or immediately after the gas cap was removed and before fueling began. Mr.. Renkes stresses you should NEVER get back into your vehicle while filling it with gas. If you absolutely HAVE to get into your vehicle while the gas is pumping, make sure you get out, close the door **TOUCHING THE METAL**, before you ever pull the nozzle out. This way the static from your body will be discharged before you ever remove the nozzle.

As I mentioned earlier, companies now are really trying to make the public aware of this danger.
