**Speaker:** Melinda deRochemont, Operations Manager  
**Topic:** Walmart Neighborhood Market Harker Heights – We all had a lot of questions about the workings in Walmart. What is the most sold item? Bananas! Who'd have thought. Fortunately the shelves are full again and we aren't experiencing shortages of many needed items that happened during Covid and the aftermath. This store is all self checkout currently but will be remodeled soon and the plan is to have at least 3 belted registers for checkout. Some, but not all of the \$100,000 losses a year are due to items not being scanned by customers. This area still has free plastic bags for your groceries, unlike Austin and other major cities around the state. This store has 75 max curbside or delivery per day. An order can be held for only 1 day if not picked up at your selected time. Some teens from the high school across the street had to be dealt with but most were respectful. The campus is closed at lunch now so no problems from the teens during lunch.
